Quail Shooting Season Opens in  
Kentucky Tomorrow.

Birds Reported Plentiful in Some  
Sections, While They Are  
Scarce in Others.

The quail shooting season in  
Kentucky opens tomorrow. In some  
localities birds are said to be plen-  
tiful, while in other sections they are  
reported quite scarce.

The game law extends from No-  
vember 15 to the first of the year  
and during this period quail can be  
shot and exposed for sale, but after  
January 1 it is as much an offense  
to sell a bird as it is to shoot one  
out of season. The only law, out-  
side of the limit period for hunting,  
now on the statute books of Ken-  
tucky is the non-resident law. This  
is a copy of the Indiana law, and  
requires every citizen of another  
state who hunts in Kentucky to pay  
a license of \$25.50 or become  
subject to a fine for every offense.  
Similar laws exist at present in  
most of the states of the country.

### HUNTERS RETURN.

Plenty of Small Game Bagged  
But Deer Scarce.

Messrs. E. B. Long, Dr. Jas. O.  
Cook, and Stanley Long, all of this  
city; Al Rutland, of Empire, R. J.  
Carothers and Will Broadie, of La-  
fayette, John D. Anderson, and D.  
Peyton, of Nashville, Thos. Wil-  
liams, of Adams, Tenn., W. W. Sim-  
mons, of Memphis, and Ellis Ban-  
croft, of Battle Creek, Mich., re-  
turned Wednesday night from their  
Arkansas hunt.

They pitched tent at Old Town,  
Ark., where they spent a week.  
The party found turkey, duck,  
squirrels and other small game  
plentiful, but large game was very  
scarce. On account of the very  
warm weather the outing was not  
what it should have been, but all  
report having had a pleasant trip  
of it.

### COL. HENDRICK

Passes Through Town and Finds  
Everybody for Him.

Hon. John K. Hendrick, of Pa-  
ducab, en route to Madisonville,  
stopped over in the city Wednes-  
day night. He met a lot of prom-  
inent citizens yesterday before his  
train time and received universal  
assurance of support. There will,  
from present indications, be no  
formable opposition to Col. Hen-  
drick in his race for Governor in  
this county. He visited many  
counties in the recent campaign  
and found strong support every-  
where he went. He is especially  
strong in the Third district and his  
friends assure him that Warren,  
Logan and other large counties will  
instruct for him.

and, in addition to a legal separa-

### ASYLUM RUMORS

Are Followed By the Appearance  
of Inspector Hines.

State Inspector Henry D. Hines,  
accompanied by Mr. H. B. Ware, of  
Frankfort, arrived in the city yester-  
day and registered at Hotel  
Latham. There are rumors that  
the presence of the inspector in the  
city is one of special significance.  
It is said that there has been a se-  
rious breach between commissioned  
officers of the Western Asylum and  
it is believed that serious charges  
have been preferred requiring the  
attention of Inspector Hines. There  
have been some very ugly rumors  
recently of a different nature, some  
of them said to have contained truth  
enough to justify the discharge of  
one or more employees of the institu-  
tion.

## If You Would Have Your Ship Come Home Heavily Laden, Launch It!

Mining investments afford the only way for people of small means to make a large amount of money. There are many Companies in which stock was selling a few years ago at a few cents a share and are now worth from one dollar to one hundred dollars. Many homes and the increase of many incomes are the result of the purchase of a thousand or two shares in a mining Company.

## THE Consolidated Alpine GOLD AND SILVER MINING COMPANY.

Price of Alpine Stock Today is 35c per Share, Par value \$1.

All that has been Accomplished by the Lamartine can be duplicated by the Consolidated Alpine, which adjoins the Lamartine.

Price of Alpine stock today on the Installment plan is 36c.

Extract from the Report Made by Mr. C. H. Bush, of Hopkinsville, Ky., to His Club, Sept. 1, 1902:

"From the appearance and testimony of old miners who have worked in other mines that were successful, I got a decided impression that the prospects of the Alpine are good for large, is not inexhaustible quantities of good ore, and to such an extent as to make it a profitable investment. I felt warranted in giving that opinion about it. The Alpine is located near the famous Lamartine, and it is claimed of a parallel vein, and it is urged by those who have worked in both mines, that when thoroughly developed will produce as good ore and in as great abundance."

### LADY HENRY SOMERSET.

Temperance Leader Deplores the Increase of Drunkenness Among English Women.

Lady Henry Somerset has just returned to this country, after an absence of several years. "There is one thing that gives me great grief on this trip," said the president of the World's Woman's Christian Temperance union, as her face grew sad. "I miss Frances Willard. She always met me at the pier when I came here. Now she is gone."

Lady Somerset does not look a day older than when she was in America last, nor has she lost the fire of her purpose. She responded quickly when asked various questions regarding in-

(President of the World's Christian Temperance Union.)

temperance, and described England as "a drunken nation." As for Mrs. Carrie Nation, she laughed heartily over the Kansas amazon, and said that she was misguided and that her efforts to reform drunkards did more harm than good.

Lady Somerset handled the question of temperance in the army without gloves, and said that the time was not far distant when intoxicating liquor would not be tolerated even in the English army.

"Drunkenness is on the increase in England," said Lady Somerset. "I am really ashamed to tell the American people in what a deplorable state the United Kingdom is. It has become a nation of drunkards. It seems hopeless to work for its reformation. In the army alone, the very place where one would expect to find it, less spirits are used than formerly."

"The increase in intoxication at home is due to the spread of the disease among women. I am very sorry to hear that women in America are drinking more than formerly. I cannot believe it. I had such great hope of American women. They always seemed to have more backbone and will power than any country women."

"To illustrate to you how women abroad have taken to drink, I want to say that about 15 years ago the average of arrests in London for intoxication was four men to one woman. Now it is three women to one man."

"Why is it? Well, one of the chief reasons is that there has been too much privacy about the public houses of late, and women are now able to go to any of them without being seen by the public."

"The increase in drink among women has naturally made a great increase in crime. The reason is apparent. Women are more excitable, sensitive and nervous in drink than men, and in this condition will commit crime more readily. The school bill that was passed prohibiting the sale of liquor to children under 14 years has stopped drunkenness to some extent, but it is only a drop in the bucket."

thracle coal strike and who met with hearty responses to his call for such meeting, was known as a peacemaker and compromiser even before he became a national factor in politics; but he was also known as a hard fighter when he confronted a stubborn adversary. Mayor Maybury has served two terms in congress, has been mayor of Detroit for five years, and two years ago was the unanimous nominee of the Democrats for governor of Michigan.

## A PIG IN A POKE.

Buying a pig in a poke is the proverbial expression for a purchase of something whose value is unknown.

No one who buys Dr. Pierce's Golden Medical Discovery is purchasing a medicine of improved or doubtful value. It always helps. It almost always cures. Thousands of men and women who have been cured by the use of this medicine testify to a perfect restoration of health and strength by its use.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures dyspepsia, catarrh of the stomach and other forms of disease popularly known as stomach trouble. It builds up the body with firm flesh, not flabby fat.

"About ten years ago I began to be afflicted with catarrh of the stomach, also diarrhea," writes Mr. Wm. Walters, of Antioch, Mo. "I was troubled so often that I sometimes thought my end had come. Tried many remedies, but they gave only temporary relief. In November 1899, thought I would try Doctor Pierce's Golden Medical Discovery. I got six bottles and took five in succession, then thought I would wait for a time and take the one left. Soon found I had symptoms of the trouble coming back, so took the sixth bottle and it cured me. I have enjoyed the best of health this summer, and the credit all belongs to your 'Golden Medical Discovery.' I can't express my many thanks to Dr. Pierce for his remedy, for it did so much for me. Words cannot express what I suffered, the trouble was so severe."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 21 one-cent stamps for the book in paper cover, or 51 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

—NOVEMBER 14, 1902—

Judge Settle's majority over Guffy was 1,335 in the final count.

There is talk of another renewal of the coal strike in Hopkins county, under the personal direction of President John Mitchell.

The National Fox Hunters' Association held a meeting at Bowling Green this week, that was attended by about 100 members.

Prof. James H. Fuqua, Sr., of Russellville, has announced his candidacy for the Democratic nomination for Superintendent of Public Instruction.

Judge Carroll, Judge McBeath and Judge Owen are all witnesses to the fact that Democrats are demanding rotation in office for next year.

Stanley's total vote is about 16,000 and Stanley's a little short of 11,000. Stanley's majority is 4,310, probably the largest given any Democratic Congressman in the State.

President Roosevelt passed Princeton yesterday morning at two o'clock enroute to Mississippi to take a hunt. He was asleep and not visible to the naked eye when his train passed by. He was in President Fish's private car.

Wireless telegraphy as a means of safety in the operation of trains is among the possibilities of the future on the Grand Trunk Railway system. The management has decided to conduct a series of experiments with a view to determining the possibility of the plan, and if the experiments turn out as expected the Canadian portion of the system will be fitted with wireless telegraph stations at intervals of from eight to twenty miles.

## Dick Knott's Scheme.

Knowing that Beckham is by all odds the weakest man that the Democrats can nominate and that his election would certainly mean a costly and most probably a successful contest by the Republicans, the Louisville Post is cock-sure that Beckham is the most available candidate for the Democratic nomination. In its secret soul—it by any stretch of the imagination the Post can be imputed with such a thing—the Post is gathering much joy over the prospect of again getting Kentucky Democracy in the middle of a mighty bad fix.

Another contest over the office of governor would certainly be disastrous to the State and would just as surely play directly into the hands of the Republicans. As the Post is the only paper of any prominence in the State advocating Beckham's becoming a candidate, its arguments should have but little weight with true Democrats.

The party in Kentucky cannot afford to take up any one endorsed by Mr. Knott, the enemy of everything really Democratic.—Paducah News-Democrat.

## Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give you Haidt's Deafness Cure, if you are Deaf (caused by Catarrh) that cannot be cured by Haidt's Catarrh Cure. Send for circulars, free.

## Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the nervous fluid.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"It has been a long time since we have been without Hood's Sarsaparilla. My father thinks he could not do without it. He had been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." Miss Ada Derr, Sidney, Iowa.

## MINSTREL MAN

Charged With Embezzling Harry Ward's Funds.

Earl Taylor, one of the vocalists with Harry Ward's minstrels, here last week, was arrested in Elizabethtown Tuesday charged with embezzlement. The warrant was sworn out by Mr. Ward. Taylor had charge of the sale of the minstrel song book and this money he is said to have embezzled.

Master Commissioner.

## Denies the Charges.

Frankfort, Ky., Nov. 11.—The Illinois Central Railroad Company has made answer to the charges filed by the State Railroad Commission with the Interstate Commerce Commission that it had been taken in by the Southern Railway merger. It denies that J. P. Morgan & Company owns and controls any of the stocks or bonds, or is the trustee for the bondholders. It further denies that it has made any contract with the companies named as its co-defendants in the charges filed.

## The Best Remedy for Diarrhoea.

"Some years ago while at Martinsburg, W. Va., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well.—G. A. Morris, Emburyville, Pa. Sold by R. C. Hardwick.

## Two Things to Forget.

There are two suggestions now being made about things political that should be forgotten. One is to hold a state primary and the other is to again nominate and elect Gov. Beckham. The first is impracticable and the second would be unconstitutional. Primary elections are preferable when feasible, but it seems to us any one who will pause long enough to give the suggestion that we hold a state primary any consideration will conclude that it is impracticable.—Morganfield Sun.

## MR. WATTERSON

Delivers His Celebrated Lecture on Abraham Lincoln.

Great Editor Discussed a Great Man in an Able Manner

Monday Night.

Hon. Henry Watterson's lecture at the Opera House Monday night was heard by a thoroughly appreciative audience.

The lecturer was introduced by Mr. Chas. M. Meacham and for an hour or more reviewed the character and career of the great war president in a manner that removed much of the prejudice that existed against him here as elsewhere in the South. Mr. Watterson knew the President personally in 1861 and had opportunity to study his character in person as well as from his public career. He described him as a man of great natural ability, wise foresight, kindly impulses and unbending will power. He briefly touched upon his tragic death, and said it was an evil day for the South when Lincoln died and the problem of reconstruction passed into the hands of men less capable of facing it ably and patriotically.

## To The Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64, Thirty-seventh St., Wheeling, W. Va. For sale by R. C. Hardwick.

## EDITOR BREWER

Waives Examination, Together With His Son, Clarence.

Editor W. B. Brewer, of Fairview, and his son, Clarence B. Brewer, charged with shooting Thomas Mobley, at Fairview, October 15th, waived examination Tuesday and their bonds of \$1000 each were renewed, for their appearance at the next term of circuit court. Mobley is slowly recovering from his wounds.

## A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was passed and the child recovered." This remedy is not only a cure for croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by R. C. Hardwick.

## INDIANA'S VOTE.

Total of 590,071, a Falling Off of 65,894 From Two Years Ago.

Indianapolis, Ind., Nov. 11.—The total vote of Indiana at last Tuesday's election was 490,071, which was a falling off of 65,894 from two years ago when a governor was elected. The Republican plurality in this state this year was 35,564. While there may be a few errors in this computation the total is practically correct.

## No Strike Movement.

Madisonville, Nov. 12.—The report that the Western Kentucky miners were going on a strike is without foundation. Here in Hopkins county, where most of the miners are located, there is nothing to indicate any such movement.

Capt. Farrell is the oldest member of the Illinois House of Representatives in point of service having been a member continuously since 1887. His constituents have elected him eight times. He has been a leader in that body from the beginning of his career and is one of the best known figures in Illinois politics.

Capt. Farrell is 59 years of age and one of the best preserved men for his years in the Illinois Legislature, despite his arduous and constant duties in that body. Mr. Farrell is engaged in the real estate business in Chicago. On the date of March 14, 1901, he writes as follows:

## MISS RIVES'

A recent issue of the Philadelphia North American contains the following news story which will be of interest to novel readers.

"Hearts Courageous" is to be dramatized. With that end Hall Ermine Rives came to this city yesterday and met Hall Caine at the Hotel Walton, where the two discussed the dramatic merit of the work.

"While nothing definite was arrived at, the plot of 'Hearts Courageous' was talked over, and Miss Rives pointed out the portions which might be judiciously altered by the dramatist. The matter will be finally settled at a future meeting in New York.

## HELLO BUILDING,

It has been designed for beauty, convenience and substantial value. It will cost \$15,000 and the contract has been let to Forbes & Bro. The front will be of rough stone, with highly ornamental trimmings. A basement, half underground, will be used for furnaces, stock rooms, etc. The first floor will be for toll rooms, officers, apartments, etc. The third floor will be for the operators' rooms, arranged with every convenience. There will be still another half-story in the attic, with windows showing in front giving the building the appearance of a four-story structure. Work was begun on the building yesterday.

REPUBLICAN COMMISSIONERS

Say They Sought no Political Advantage in Counting Votes.

The two Republican Election Commissioners, Dr. Andrew Sargent and Sheriff L. R. Davis feel that an injustice was done them in questioning the correctness of their count of the returns from Christian county. The Kentuckian will do them the justice to say that in appointing officers and distributing the important places they were fair and impartial. It was in counting defective ballots not properly described in detail, as the law requires, that the Kentuckian found fault with them.

Ballots cannot be passed upon, so matter how good they may be, unless the law is complied with requiring descriptive statements in each case to be attached to the separate ballot, explaining why it was not counted. We have the assurance of the commissioners that they had no intention of counting illegal ballots and in fairness to them this explanation is made. If we are to have Republicans Dr. Sargent and Mr. Davis, both having been Democrats themselves, are about as satisfactory to their political opponents as are Republicans would be.

# SISTERS OF CHARITY

RELY ON PE-RU-NA TO FIGHT

## CATARRH WHEREVER LOCATED IN THE SYSTEM!

MISS BEATRICE CALLAM.

Interesting Letters from Catholic Institutions.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent sisters have found Peruna a never-failing safeguard.

A letter recently received by Dr. Hartman from Sister Beatrice B. Callam, 410 W. Thirtieth street, New York, reads as follows: "I cannot say too much in praise of Peruna. Eight bottles of it cured me of catarrh of the lungs of four

years' standing, and I would not have been without it for anything. It helped several Sisters of coughs and colds and I have yet to find one case of catarrh that it does not cure."—Sister Beatrice.

From a Catholic Institution in Central Ohio comes the following recommendation from the Sister Superior.

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which treated to be of a serious character.

"We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

Another recommendation from a Catholic Institution of one of the Central States written by the Sister Superior reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Peruna, and

since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution.

SISTERS OF CHARITY

All Over the United States Use Peruna for Catarrh.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic Institution in the Southwest reads as follows:

A Prominent Mother Superior Says: "I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have not a doubt that a cure will be speedily effected."

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters but will be furnished upon request.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane forming some organ or passage of the body.

A remedy that would act immediately upon the congested mucous membrane restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys, or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

If you do not receive prompt and satisfactory results from the use of Peruna, remedy that will cure it in one location will cure it in all locations. A full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

A Book Agent Who Was Not Adapted to His Part.

"Madam," he began, as the door opened, "I am selling a new book on 'Etiquette and Deportment.'"

"Oh, you are?" she responded. "Go down there and clean the mud off your feet."

"Yes'm. As I was saying, madam, I am sell—"

"Take off your hat! Never address a strange lady at her door without removing your hat."

"Yes'm. Now, then, as I was say—"

"Take your hands out of your pockets! No gentleman ever carries his hands there."

"Yes'm. Now, ma'am, this work on 'Etiquette'—"

"Throw away your pipe! If a gentleman uses tobacco he is careful not to disgust others by the habit."

"Yes'm. Now, ma'am, in calling your attention to this valuable—"

"Wait. Put that dirty handkerchief out of sight, and use less grease on your hair in the future. Now you look a bit decent. You have a book on 'Etiquette and Deportment?'"

"Very well, I don't want it. I am only the servant girl. Go up the steps to the front door and talk with the lady of the house. She called me a downright, outright, no-doubt-about-it idiot this morning, and I think the book you're selling is just what she requires."—London Answers.

THE RETORT COURTEOUS.

Given by a Lively Girl, to Her Mean Sassy Companion.

In one of the suburban settlements along the line of Connecticut avenue extended live two young girls about 15 years old. One of the pair, according to the Washington Star, is the most unrestrained tomboy in the District of Columbia. The other is as prim and precise as the proverbial New England school teacher. Their differing opinions on various subjects occasion most vigorous discussions now and then, but the quietus put on the strictures of the overcast little girl while the two were walking down to the car line one afternoon this week caps the climax. They were just in sight of the little house where all the young matrons of the village were waiting in hand-some gowns and lace headgear to go into town. An empty hay wagon rumbled along the drive. In an instant the boyish, regardless of all else walking suit of Oxford gray, had slipped up behind and thrown herself across the long pole that stuck out behind. "Jes, for goodness' sake, don't do that! Everybody will see you. Do, please, come over here on the sidewalk." The young tomboy caught a firmer hold on the running gear, gave her hands a push that set her astride of the pole and then called back: "Well, I guess you needn't be stuck up and puttin' on airs just because you've got powder on your face."

SOLUTION WAS SIMPLE.
Gardener Knew Better About It Than Did the Savants.

On a certain hot summer day a celebrated naturalist entertained a company of distinguished savants at dinner, at the conclusion of which they all went out in the garden.

In the center of the grounds there stood on a pedestal a large glass globe. One of the guests happened to touch this globe, and found, to his amazement, that it was warmer on the shady side than on the side turned to the sun. He communicated this discovery to the other guests, who at once proceeded to verify the statement.

What could be the cause?

An animated discussion ensued, in the course of which every imaginable law of physics was made to account for the strange paradox. At length our scientists agreed that it must be so owing to the laws of reflection, refraction, or exhalation, or some other law of physics with a long name.

The host was, however, not quite convinced, and, calling the gardener, he said to him:

"Pray tell us why the globe is warmer on the shady side than on the side turned to the sun?"

The man replied:

"Because just now I turned it round for fear of its cracking with the great heat."—London Tit-Bits.

A NEW EXPLOSIVE.
Maximite Is Half Again as Powerful as Ordinary Dynamite.

Maximite, the new high explosive which has been adopted by the United States government, is about 50 per cent. more powerful than ordinary dynamite. It is considerably more powerful than pure nitroglycerin, and is only equaled in violence among high commercial explosives by nitrocelatol and pure picric acid; and yet Maximite is so insensitive that it cannot be exploded by flame or by piercing it with a white hot iron.

Even molten iron has been poured upon a mass of it without causing an explosion. When heated in an open vessel its temperature cannot be raised to the explosion point, for it will first melt, and then evaporate like water, until it is all gone. In order to explode it, it must be confined very strongly, the same as when employed as a bursting charge for projectiles, and then to be set off it requires a very powerful detonator. This quality of great insensitiveness, coupled with its very high explosive power, better adapts Maximite for use in armor-piercing projectiles than any other explosive.—New England Magazine.

Unique Cold Cure.
Parisians are much interested in Grand Duke Vladimir's cure for a cold, which is a reasonable complaint. But it is doubtful whether many persons will adopt his remedy. A visitor to the grand duke the other day was surprised to hear him send his carriage away. "You see, I've got a cold, so I will ride on top of a tram car," he said. "That is my unfailing remedy."

VOTING CONTEST.

The Most Popular Lady In Christian County to Be Determined By Ballot.

The Winner Will Be Awarded a Set of Furniture worth \$100.

A VOTING contest was begun August 29, for four months, to determine by popular vote the most popular lady in Christian County. To the lady receiving the highest number of votes, we will present an elegant set of bedroom furniture, now on exhibition at Pyle & Ganett'. It is of quartered oak, of the finest make and latest style, and is worth \$100. The contest will close at 12 o'clock, noon, Monday, December 29, 1902. The plan will be as follows:

Every subscriber to the Kentuckian who pays back dues or cash in advance will be entitled to cast one vote for each five cents paid. That is to say, a subscriber who pays \$2.00 will have 40 votes, one who pays \$1.00 will have 20 votes and so on for any amount large or small. In every paper published there will be a coupon and these coupons when cut out and brought or sent to the office will represent each one vote. A subscriber will also have the privilege of gathering up coupons clipped by friends from their papers and voting them one at a time, or by the hundred if preferred. One will also have the privilege of buying papers at the office at five cents each and voting the coupons cut from them.

The coupon ballots will be deposited in a ballot box with two keys. One of these keys will be held by County Judge W. T. Fowler and the other by Mayor Joutt Henry. The box will be opened not oftener than once a week, all ballots then in it taken out, counted and certified to, sealed up in an envelope and replaced in the ballot box. The envelope will contain a statement of the votes in it, so that its contents will not need to be counted again until the official count at the close of the contest.

The last week of the contest the ballots may be deposited without showing them, so that the close of the contest may be secret and exciting to the end.
